### **Jasmine Yin Hao Green Tea**

*Fresh, heady aromas and a gentle floral taste make this one of the finest Jasmine teas available.*

### **Earl Grey**

*A classic Earl Grey, hand-crafted in Leith with the finest Chinese Black tea and natural citrus flavour oils.*

### **Chai Black**

*A warming, decadent blend of premium black teas and whole spices inspired by PekoeTea's sourcing journeys around India. Blended in Leith.*

### **Highland Rooibos**

*Honey-sweet Rooibos ties together a variety of flavours and aromas inspired by Scotland's wilderness. From raspberry leaf to blueberry, lavender to rose.*

### **Berry Hibiscus**

*A floral and vibrant hand-made blend to excite the taste buds. Intense hibiscus and refreshing fruits infuse in harmony.*

### **Chamomile Flowers**

### **Highland Whisky Tea**

*Taken from PekoeTea's collection of teas blended with single malt whisky from each of Scotland's unique whisky regions, this blend is sweet with hints of fruit and spice.*

### **Jade Tips Green Tea**

*One of the "Ten Great Chinese Teas", Jade Tips (also known as Xin Yang Mao Jian) has a light, slightly sweet flavour.*

### **Scottish Summer Fruits Green Tea**

*Inspired by the abundance of soft fruit grown every summer across Scotland, Scottish Summer Fruits has flavours of red fruits, creamy vanilla and a juicy aftertaste.*

### **Moonlight White**

*Made from the early harvest buds and leaves of ancient tea plants, it gets its name from the process of withering the leaves under moonlight. Floral and sweet in flavour.*

### **Blue Lady Black Tea**

*Infusing subtle rose with tangy grapefruit, Blue Lady is very refreshing and a great alternative to Earl Grey. Blue Lady is blended using the finest Chinese black tea, flowers and natural flavourings.*

### **Lapsang Souchong**

*A black tea originally from the Wuyi region of the Chinese province of Fujian. Sometimes referred to as smoked tea, lapsang is distinct from all other types of tea because the leaves are traditionally smoke-dried over pinewood fires which produces the distinctive smoky flavour.*

### **Peppermint**

*A naturally caffeine-free infusion made from the leaves of the peppermint plant. The peppermint is cut leaf and makes a very refreshing brew.*

### **Sencha Kura**

*A high-grade sencha made using the fukamushi or 'extra steaming' method of production. The resulting infusion is thick and fruity with a pleasant umami aftertaste.*

### **Decaffeinated Black Tea**

*This leafy breakfast decaf tea has had most of the caffeine removed, but has lost none of its flavour! Still full-bodied, rounded and punchy, it's a breakfast tea that can be enjoyed at any time of the day or night.*
